and as to whether they must stay in the dormitory or they can find one outside campus is fine with us too.

3. If the students are able to communicate in Korean language they will be able to take other lectures aside from Korean language (such as economics, business, Korean society, etc.)
4. The students can study for maximum of 1 year. So if they come in the fall semester 2021 they can continue their studies until Spring 2022.

5. Self-Quarantine

Because of COVID-19, when students arrive in Korea they will have to take the PCR test before departure. And during the 15 days of quarantine, they will have to go through two more time of the PCR test.

The quarantine fee must be paid by the student and it will be maximum of KRW 1,680,000. 3 meals a day will be provided and the student will be using single room for themselves for safety. The two times PCR test fee will be included in the quarantine fee.

6. Blended Lectures

For this spring semester, the university lectures are provided virtually and face-to-face in classroom. Therefore students will be able to take part in the lectures on campus.

7. Basic Korean Lectures for International Students

Starting from this year, we opened 6 basic Korean lectures for only international students. The lectures are only for International students therefore they will be able to interact with other international students too. This will be a MUST lecture for all exchange students to participate in.

They don't have to take all lectures but we just the students to take at least one or two subjects per semester. It will be 2 credits for each of the subject.

8. Arrival date

Because of the quarantine, we suggest the students to arrive in our city by August 16th~August 18th 2021. The dormitory will open starting from August 30th, and the lectures will start from September 1st.

Therefore I suggest students to prepare in advance visa and procedures to arrive on time.

9. National Insurance

For the safety of the students due to COVID-19 and other medical reasons, Korea started to let all international students to be applied to the national insurance. Upon arrival, students will be automatically applied to the national insurance and students will have to pay KRW 43,490 per month. This will cover the COVID-19 if the students becomes positive for COVID.
